CURRENT EVENTS

1 The 18th Winter Olympic Games are staged in Nagano, Japan. Curling, snowboarding and women's ice hockey debut as medal sports. **2** The August 31 death of Princess Diana in a violent car crash stuns and saddens the world. At her funeral, Diana's two young sons follow her coffin into Westminster Abbey. **3** Canadian singer-songwriter Sarah McLachlan masterminds *Lilith Fair*, an all-female rock show that draws huge crowds on its 37-stop summer tour. **4** Problems plague Russia's aging *Mir* space station, including a collision in June with an unmanned supply vehicle. **5** The NBC hit "Seinfeld" ends its nine-year run in May 1998. **6** Bill Gates of Microsoft "rescues" once-mighty Apple Computer with a \$150 million bail-out, heralding a new era of cooperation between the formerly fierce competitors. **7** Will Smith and Tommy Lee Jones star in the summer blockbuster *Men in Black*. The sci-fi thriller grosses more than \$500 million worldwide to become 1997's biggest hit. **8** Iraqi president Saddam Hussein provokes a crisis by refusing to allow U.N. inspections of suspected chemical and biological weapons caches. **9** Jimmy Stewart dies in July at 89. The actor's nice-guy popularity is exemplified by *It's a Wonderful Life*, his 1946 classic that has become an American cultural icon. **10** The Denver Broncos win Super Bowl XXXII, beating the heavily favored Green Bay Packers 31-24. The win is Bronco quarterback John Elway's first victory in four tries.

PRINCIPAL'S MESSAGE

It has been three short years since I, along with a wonderful group of new grade ten students, came to Bonnie Doon School. We found a school which, while similar to others, has indeed a character that is quite unique. We found a friendly, happy, hardworking group of students and staff whose aim was to create an environment that ensured each student the opportunity to achieve his own scholastic, athletic and personal goals. I have been proud to watch you achieve these goals and many of your personal achievements have been rewarding for me, other staff members and for your fellow students. I have been impressed with your pride in Bonnie Doon.

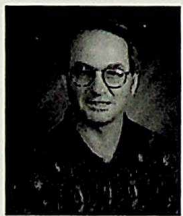

Visitors to the school comment on your positive attitude, courtesy and caring. These traits will go with you as a foundation for future success. Well done!

We have come far this past year. Each quarter we see increasing numbers of students with honors standing in their courses. Our perfect attendance lists have also increased, a fact which is directly related to your increased achievement. As I look at our student population, I am warmed by the enthusiasm and dedication you display. No matter what you do, you do it well, whether its athletics, art projects, dance, clubs or scholastic endeavors. I am grateful for having the opportunity to be a part of the wonderful environment at Bonnie Doon. As students, you make my work easier. Each day, as I see you grow as individuals, I am thankful for the rewarding experience of being your principal.

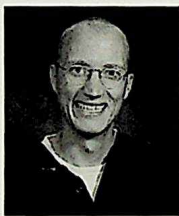

This yearbook is a source of memories. It provides you with a record of your years at school -- the incidents that enriched your lives and the events that will not be forgotten. On the pages of this book you will find pictures of happenings and images of people who have touched you and have been a part of your life and mine in 1997-98. Thanks to the yearbook committee for their diligence in recording the events of the year; it is a huge and often thankless task. This is my book of memories too, and I will review them often with pleasure.

As our 1997-98 senior class moves on to new and greater challenges, remember to cherish the memories of the past and best wishes for a bright future!

Grade 9 Farewell

The celebration was held at the U of A Faculty Club, with Grade nine students seated at the head table, and friends and family in great abundance. The program consisted of a class history, a message from Principal Mrs. Dean, the guest speaker Mr. Howie Farrell, and the ever-popular "Oscarette" presentations. Mrs. Armstrong, our faithful parent volunteer, was awarded the coveted "Green Mug". A fun time was had by all!

Activities

Remembrance Day

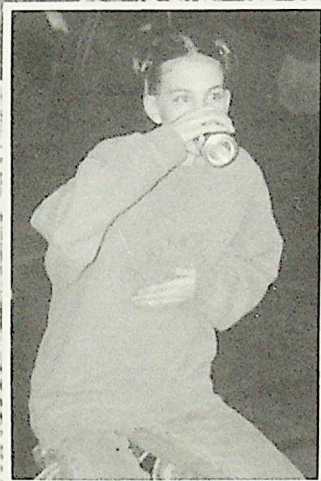

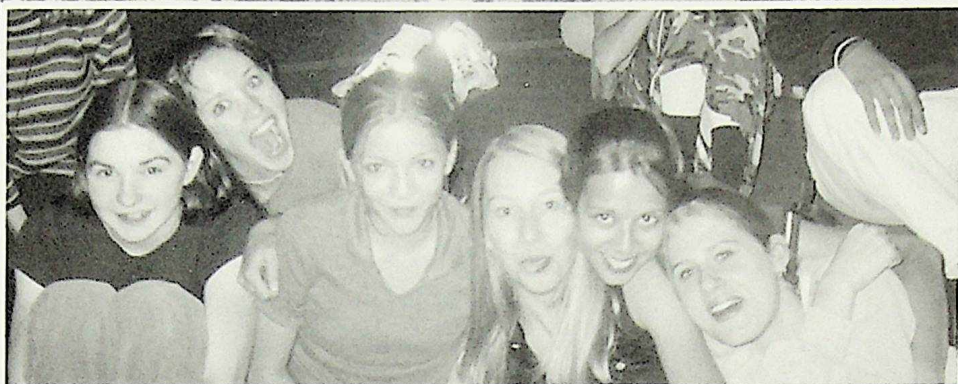

We students usually don't think about war or freedom. We have the veterans of the World Wars to thank for that. Bonnie Doon held a Remembrance Day ceremony to honour those who served and there was a moment of silence for those who lost their lives.

Pep Rally

Bonnie Doon held a pep rally to kick off the '97-98 school year. There was lots of games, prizes and cheering. Here are some of the fun (and embarrassing) moments.

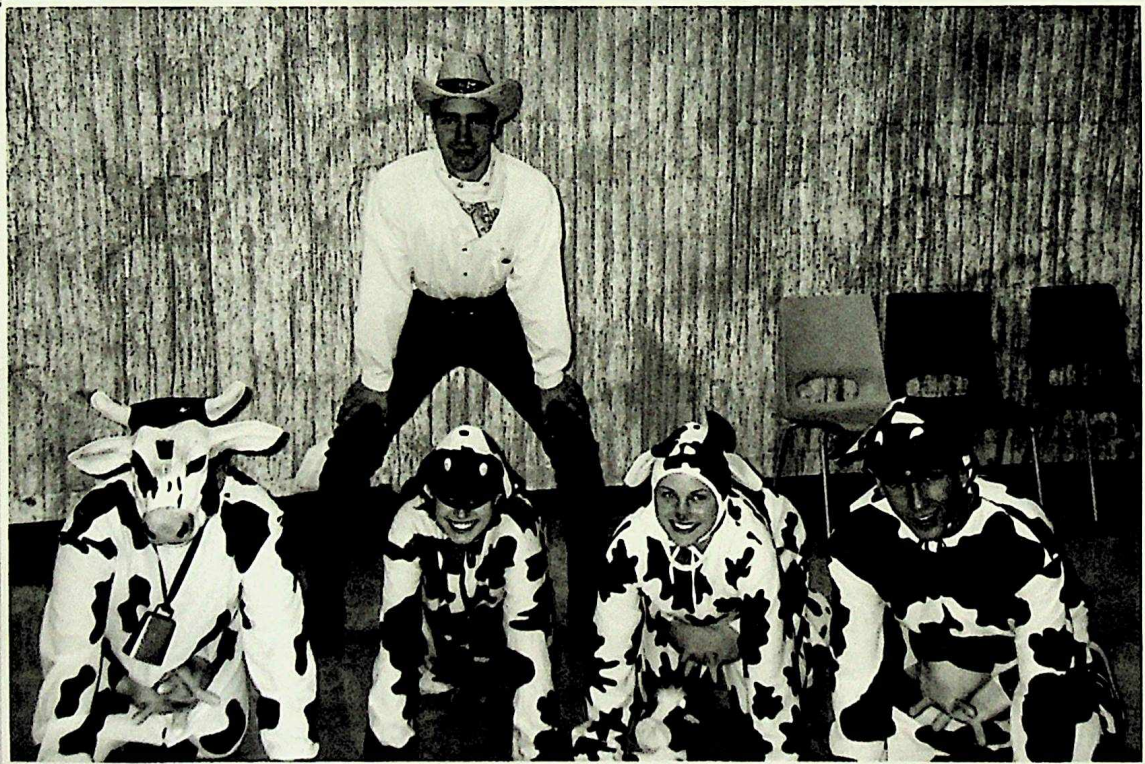

Halloween

1. These guys are professional hockey players and this is the best they could do?

2. This is the reason why our cafeteria milk is so cheap.

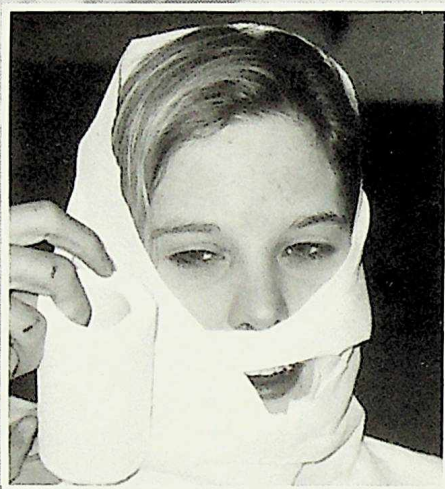

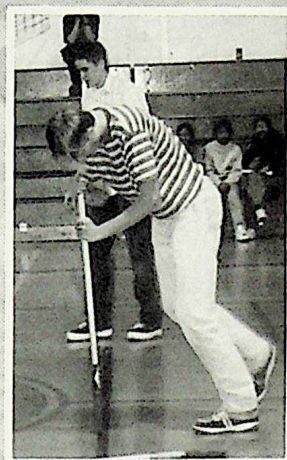

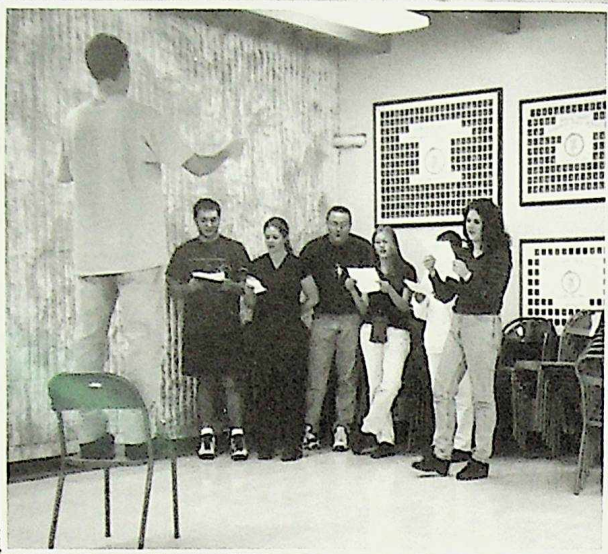

1. Ms. Lee's class presenting Shakespear for the 1990's.
2. And the number one way to tell if you're an obsessed Star Wars fan . . .
3. Hey! That's not how you make pumpkin pie!

12 Days of Christmas

1. The world famous Simpson Singers!
2. Three of Santa's little helpers.
3. The coolest guys in school.

1. On the fifth day of Christmas vacation my teacher gave to me, five phone calls home . . .
2. Whoa! Way too much eggnog this year!
3. Someone will be surprised when they open this Christmas present.
4. All I want for Christmas is some new parts . . .

FOOTBALL

Kelly Macyk was named a 1997 High School Football All-Star. Congratulations Kelly!

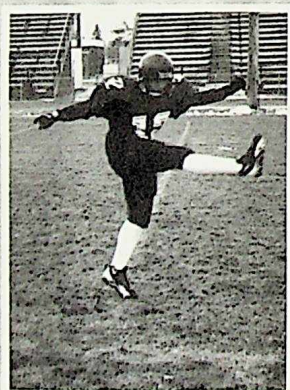

Marty Schat, star quarterback, flashes a smile for the camera.

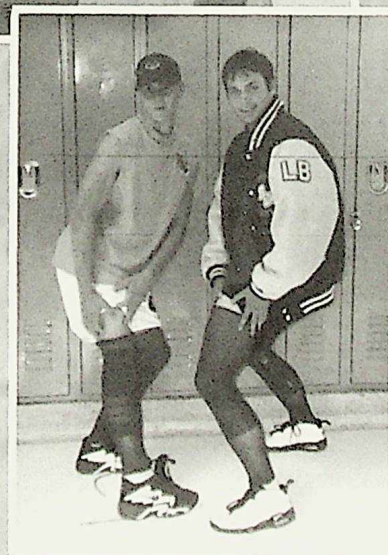

For the 1997 Football season, due to lack of numbers, some of our Lancers went to play for the Victoria Redmen. With dreams of a repeat of the 1996 city championship, our guys worked hard, driving to Vic every day after school to practise. Unfortunately the Vic guys were not so determined, and they were denied a second championship, but our Lancer men displayed admirable dedication and heart.

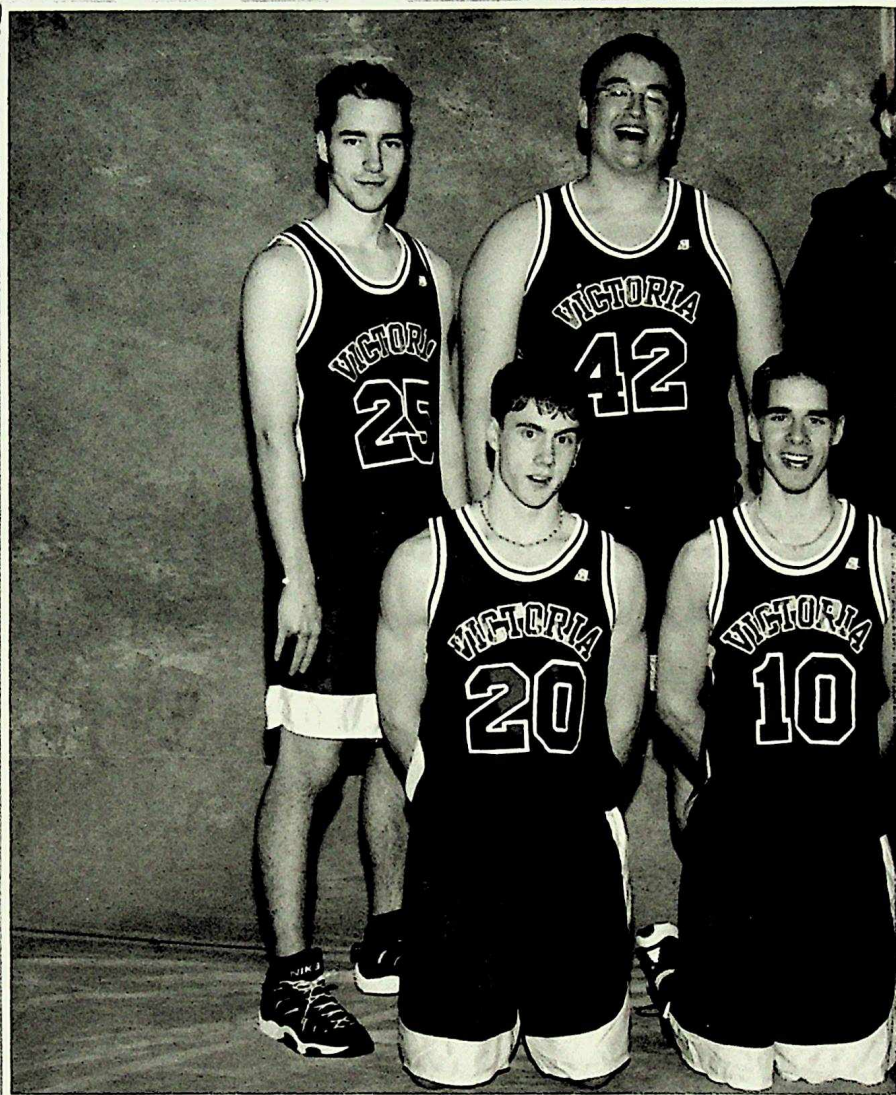

Here are just a few of the Lancers that played for Vic, plus Nathan Fung in the middle (L to R): Phil Goddard, Kelly Macyk, Neil Sagert and Martin Schatkowski. Missing: Travis Mair.

Left: Mike Mercier practises his form. Right: Phil and Kelly reveal that football players *do* have a sensitive side. They're not so mean and scary *all* the time . . .

BASKETBALL

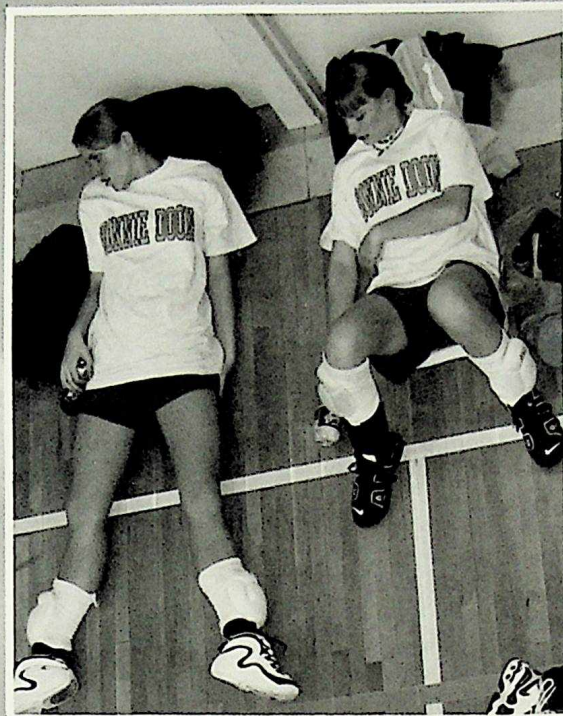

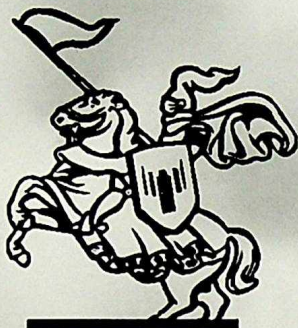

The Senior Men fought hard this year, finishing respectfully in the Whitecourt tournament and the Redmen Invitational Basketball Tournament. Due to lack of numbers, three players from Vic played for the Lancers, hence the Victoria jerseys, as they represented Vic at RIBT '98. Unfortunately they were too fast to catch on photo during a game, but these guys gave 100% all season and made us proud.

Senior Women's

VOLLEYBALL

Tara Mair and Kelly Wills focusing hard before a big game.

Well, another year of Lancers volleyball, another year of fun. Not so many wins, but a good time was had by all. One highlight was the Devon Tournament. Despite adversity, these girls finished the season strong & closer as a team.

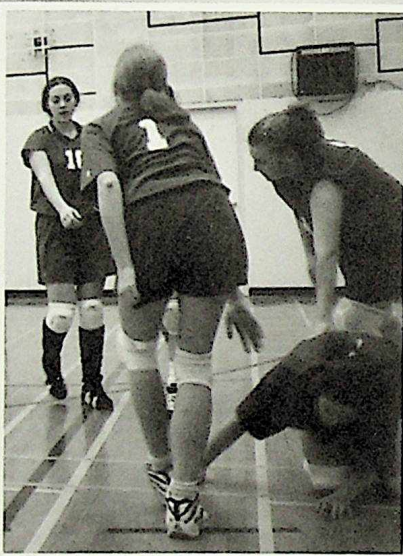

Senior Girls FRONT ROW (L TO R): Heather McCormick (captain), Tara Mair (asst. captain), Crystal Lawrance, Kristine Armier, Stacey Vyse, Karen Henry. BACK ROW (L TO R): Amanda Kraemer, Stephanie Best, Kelly Wills, Janel Dawson, Lindsay Teppan, Patricia Sinclair, Kim Herr. Coaches: Gord Smarsh, Howie Farrell (no photo available).

Left: The girls congregate for a mid-game morale boost. 1-2-3 ACE!

Uh, ladies, just settle down for a second and I'll take a nice picture . . . uh, excuse me, girls . . . ?

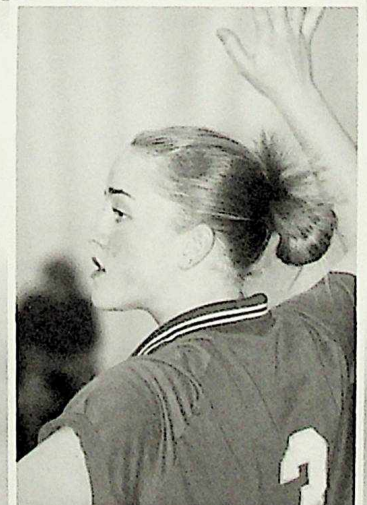

Left: The girls give a hand to a teammate that has hit the floor hard.

Stacey, Lindsay, Amanda and Janel anticipate a serve.

Heather McCormick serves it up.

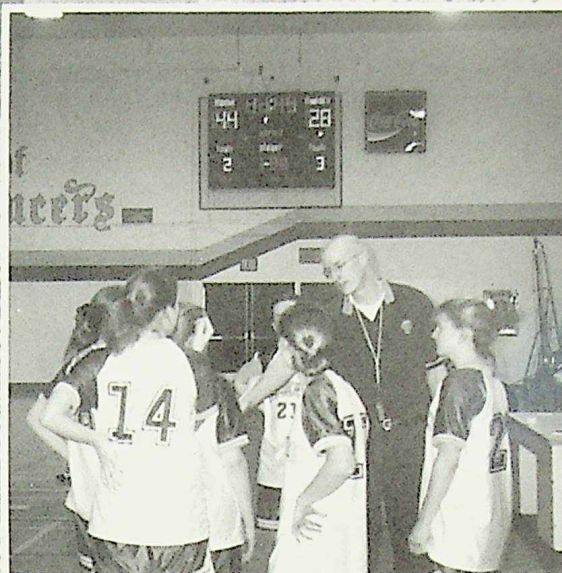

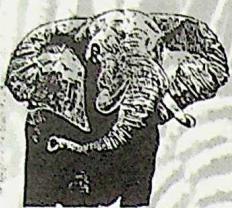

For most of the 1997-98 season, the Junior Girl's basketball team consisted of only six young ladies. These girls were up against a jungle of teams with 12+ girls, but that didn't hold these Lancers back. With the strength of an elephant, the speed of a cheetah, a couple of tall girls with a reach like a giraffe, and of course, their fearless leader, Simpson, King of the court, these girls kicked butt and showed the other teams the definition of tough.

Junior Girl's

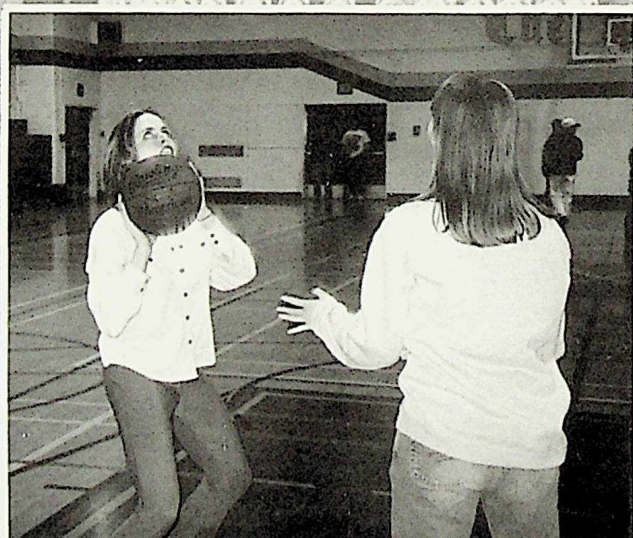

Above: Who does he think he's fooling with this mild-mannered facade? Left: These girls should receive gold medals just for controlling Simpson all season!

Above: Simpson keeps the girls focussed as they enjoy a 16 point lead.

Here they are! FRONT ROW: (L TO R): Andrea Severyn, Amanda Kraemer, Kelly Wills. BACK ROW: (L TO R): Coach Rob Simpson, Chelsey Day, Tara Mair, and Stacey Vyse.

Left: Tara Mair goes for the bucket as Kelly Wills looks on in amazement.

Valedictorian Address

When we walked through the doors of Bonnie Doon High School for the first time in grade ten we were confused and lost; many of us were not sure what we were doing. Today, many of us are still not sure of what we are doing, and it has taken us three years to make no progress. No, seriously, we are leaving Bonnie Doon enriched and enlightened. The conversations we have had will stay with us, as well as the relationships with all sorts of different people. We have had countless good times, and a few bad ones, but through it all we have relied on and come to respect one another. That is why we are so strong together; we are a family. And though we are, for the most part, going our separate ways, we will never forget our high school family.

We have certainly grown together as well. We have both cherished and endured each other (I hear I disrupted a few classes on a few occasions with my refined, lady-like giggle; sorry).

Speaking of classes, I would like to acknowledge the staff and teachers of Bonnie Doon, who have consistently been so patient and persevering. They helped us make it through those long double periods and prodded us with affection, as we received calls to our houses telling us to get out of bed, or were made to do pushups until collapse. They have inspired us and made us laugh. It is largely because of them that we have survived. But, I must say, it is also partly luck that has helped us survive, considering the high dosages of asbestos we have been exposed to for the last three years. No matter, most of us are coming away with few if any mutations...

... So here we are, senior class, preparing to graduate and head out into the world that some of us have tried so earnestly to avoid. Being a kid has been a blast, but [our graduation] marks our entrance into something a little different... Some of us are headed off to work, some to finish school, and others to college or university. Regardless of our specific plans and goals we are leaving Bonnie Doon with a strong foundation, summed up in our school's motto "the best for each". The specifics of stoichiometry and short story analysis have taught us far more than we may realize; we have been taught how to learn, how to relate, how to express, how to think. Whether we become mathematicians or musicians, accountants or astronauts, we owe our capacity to dream and our inspiration to go further to the education we have received thus far.

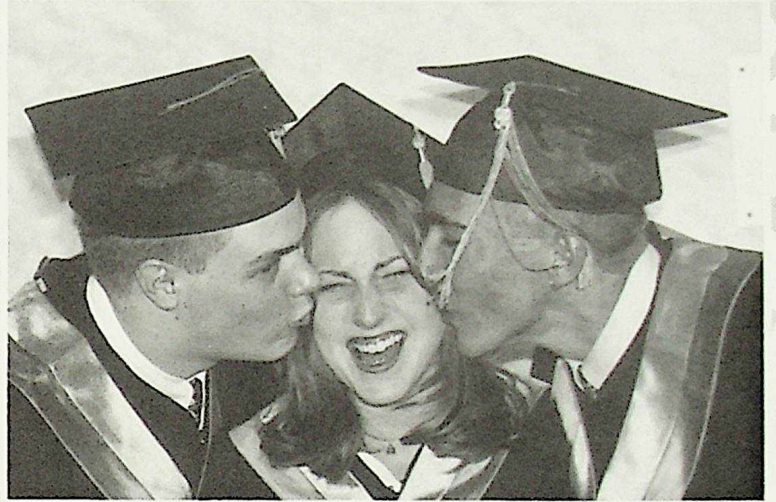

Our theme for grad this year is "Paint the Sky with Stars" which to me symbolizes not simply an acceptance of what is out there or what has already been done, but rather the vision and ambition to create our own paths, to dream what others dare not, and to persevere with what others have deemed impossible. The world we face and its challenges are vast and varied. In this age of rapidly advancing technology and the world-wide quest to be efficient and more productive, it is essential for us to relate well to people, to work well and accommodate different individuals, and to be competent problem-solvers.

We live in a nation of relative tolerance, but as we leave school and broaden our knowledge and experiences around the world, it will become apparent that there is still much work to be done. Peace in Ireland was only just recently negotiated, war in the Middle East is still commonplace, and religious persecution rampant in Asia. Yet midst this destruction and hatred there is a new generation emerging, one we are part of. The future is fast approaching, and with our generation rests hope and anticipation, we are being called to take a stand, to step out and show the world we are not an age of slackers, but one that is making the future something to look forward to with optimism.

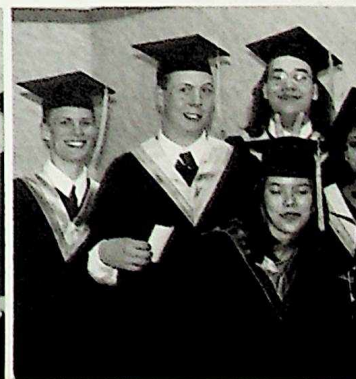

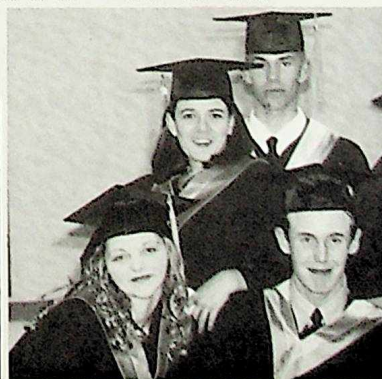

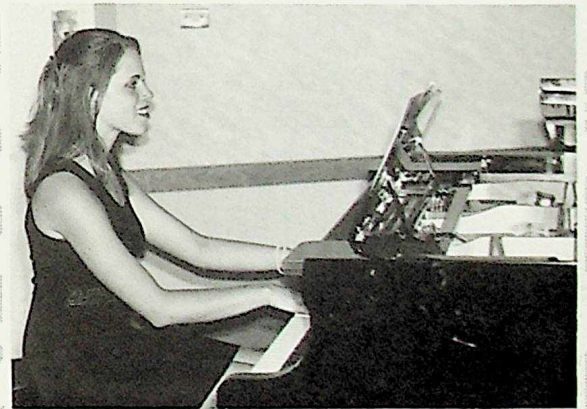

All of us here have received a fairly standard education thus far; we have all virtually taken the same classes and have the same requirements to finish. From here on each of us will begin customizing our lives as we specialize our further education according to what we want to do. Each of us has different ideas concerning success and happiness, and the possibilities of what we will do to achieve these are astounding. Therefore, I challenge you, fellow graduands, not to settle, but instead to strive beyond everyone else's boundaries and take the whole world by surprise. In the midst of our focus and objectives, never forget to step out and take chances. As well, remember to pause and enjoy beauty and simplicity. In congruence with this, I would like to leave you with a quotation by Adeline Knapp, once recited to me by a close friend, "I am sure it is a great mistake always to know enough to go in when it rains. One may keep snug and dry by such knowledge, but one misses out on a world of loveliness."

... A true friendship is a lot of work. It involves time and effort . . . Friendship is a trust, a loyalty, that begins within ourselves. Over the years at Bonnie Doon, we have developed many friendships. Some of them have not stood the test of time, but in most cases we have all done a pretty good job of hanging on to the friendships we have come to cherish. [Some people] have stood by us when others have walked away. They have given us memories and strength. I am sure that if it was not for our friends, some of us would not be here . . . Even though we are entering a new chapter in our lives, we can always look back at the people who made school much more interesting and our lives a lot more bearable. [I thank] one of the largest support systems in high school: our friends.
